## THE MOTORIST'S RESPONSIBILITY

In many cities the police regularly stop motorists at random and test their brakes. The results obtained are illuminating. Three out of four cars stopped were found to have defective or improperly adjusted brakes.

It seems fairly obvious that no automobile can operate on a

crowded highway with a due regard for public safety unless its driver is able to stop it quickly on a second's notice. Yet here we have the discovery that 75 per cent of all automobiles that essential qualification. It is a disturbing revelation.

Every motorist owes it to himself as well as to his fellow citizens to keep his brakes in good condition. A rapidly moving automobile is a dangerous instrument unless it is under perfect control when its brakes are faulty.

## A SEARCH FOR HAPPINESS

Man dominates nature but finds no more happiness despite his power. That is the finding of Dr. Sigmund Freud, eminent Viennese psychologist.

The anomaly is that, while striving for conquest brings happiness, the conquest itself does not. For conquest proves there is merely a starting place for more striving. Again, those who seek out to seek happiness seldom find it.

How to be happy, then? Here is one suggestion: To be

happy, forget that you are trying to be happy.

## TOO LATE

A San Diego, Cal., father has invented an electric cradle. All that is necessary in the awful hours of the night when baby wakes and cries is to turn on a switch and the cradle is rocked.

The San Diego man may be quite an inventor, but he isn't up to these new ways of caring for babies.

## PROMINENT UNITED CHURCH LEADERS WILL SPEAK AT LETHBRIDGE, OCTOBER 15th

For a number of years it has been the custom of the United Church to hold a number of its conventions during the autumn for the consideration of the work of the church.

This year for the first time, such a gathering is to be held in Lethbridge. The convention will open on October 15th in Knox Church, Lethbridge.

Three speakers of exceptional interest will be heard at these meetings—Rev. J. A. Finlay, M.A.; Rev. J. Arnp, D.D., and Rev. C. D. Donald, D.D. Rev. J. A. Finlay has been representing the Church of Scotland at the recent meetings of the General Council. His visit will be a very timely one, for all our Canadian churches are

deeply interested in the recent union of the Church of Scotland with the Free Church of Scotland. Dr. Arnp, who is associate-secretary for Foreign Missions, will speak on the subject of the church's work in the world.

Dr. Donald is one of the church's missionaries to Central India, having served there since 1915. He has only recently arrived home from India and will bring with him a wealth of knowledge of both the political and religious situation in that part of the world.

Arrangements have been made for the ladies of the United Church, Lethbridge, to serve supper in the convention hall on the night of the 15th.

Brooder Tulips. There is also a single early tulip, which will come first of all, although it is not so beautiful as the Darwin and later sorts. By selecting varieties carefully, and keeping in mind the time of blooming, there will be some flowering by the bulbs from early in April until almost July.

For Winter Bulb Indoor Planting. This is also the time to plant those bulbs which one wishes to have bloom indoors from late November until March.

This is a simple form of gardening, and practically all of the ordinary spring bulbs, such as narcissus, hyacinths, Chinese lilies, tulips, frezias, scillas and daffodils can easily be grown indoors in soil, water or fibre.

The latter substance, which can be bought at any seed store, along with the bulbs, is the easiest to handle, can be used over and over again and usually gives generally satisfactory results. With the exception of the Chinese lilies, which are planted almost on top of the soil, fibre or gravel, the bulbs should be planted in pots deep enough so that only the tip shows above the surface. Water lightly and place in some dark, cold corner where the temperature can be kept well below 50 degrees, if possible.

The narcissus will bloom in about six to eight weeks, while the hyacinths, tulips and daffodils will not come on for two or three months. By planting in succession, particularly with the narcissus, two or three crops can be secured, but the best bulbs that take a longer time to flower a succession of bloom is more easily obtained by using early, medium and late varieties. With the tulips select those varieties which are specially adapted for forcing, where soil is used, but it is necessary with fibre, which substance makes ideal material where fancy bowls are used.

After planting, with the exception of the frezias, leave in the cool temperature where dark place until a good root system has developed and the plants are up about an inch. One or two pots can be turned out in the hand to make sure that the root growth is spreading around inside. When this stage has been reached, water more liberally and bring out into fair light at a temperature of 50 to 55 degrees.

In a week or two remove to full sun and a temperature of 65 or 70 degrees. Unless the plants get too dark, they will develop too quickly and small, sickly flowers are the result. Usually they come out of the cellar only a few weeks before blossoming.

After they are out in flower keep in a cool room around 65 degrees, if possible, and they will last much longer.

WHEN TO PLOW The best time to plow depends largely upon the kind of soil, the extent and kind of work, and the amount of time available at different seasons of the year. Field husbandmen of the Dominion Department of Agriculture offer the following suggestions:

Soil land that is weedy should be plowed as early as possible in the summer, disked three times at intervals of one week to break up the soil, and the cultivator should be used thereafter when weeds such as couch grass are present.

Through working at frequent intervals is necessary if weeds are to be eliminated. In the preparation of seed land for spring sown grain crops the summer plowing and thorough working the land is particularly desirable.

Fall plowing is always desirable for spring crops, and both light and heavy soils. Spring plowing is likely to delay seeding and adversely affect the yield, particularly of grain crops. But it is particularly important that clay land be used for grain, corn, roots, or other spring sown crops be plowed in the summer or fall.

THE DEGREE "Is Robert still in school?" "Yes, he is almost ready for his 'bachelor's degree'."

"Do tell." And she always thought he'd be the first one of your children to get married.—Christian Science Monitor.

HOUSEHOLD HINTS Piano keys will soon attain a high polish if you put on soft woolen gloves and play "Parade of the Wooden Soldiers."

London papers berate the Lord Chamberlain for not being "serious." It really wasn't heroic of Richard to take an elaborate precaution and avoid suffering.

## Chilled Soft Drinks That Warm the Heart

BY EDWINA NOLAN  
Director of Home Service, General Electric Refrigerator Department  
It's summer days are coming. Bring the joy of cooling, refreshing drinks and there are many that are literally made with chilled soft drinks. With the drive away thought of a hot summer, the mind of a soft drink is refreshing. But it should be allowed to ripen, which process takes about an hour or more. All ingredients, except the effervescent water and ice, should be mixed and placed in the refrigerator until the different flavors are assimilated. A single half a dozen distinctive flavors, the ingredients blend into a drink surprisingly delicious flavor. Any beverage is successful that includes the juices of some of the

fruit, such as lemons, oranges, cherries or elder fruit in flavor and gives the drink a cool appearance. Cold punches and drinks like iced punch if they have too much sugar. And a bit of salt will improve the flavor. Drinks well shaken or will last just before serving have a better taste and a greater appeal to the eye. The best foundation for many fruit punches is lemonade or grape juice or a combination of both.

For a special milk drink, there may be added a beaten egg white, a cherry and the top powdered with chocolate. For a milkshake, a few drops of vanilla or other extract, or with ginger ale or root beer.

Mrs. Donald Cameron took her little son, William Roderick to the Macleod Hospital on Saturday morning last to have his tonsils removed. The operation was very successful, and the little fellow is now nearly normal again.

The United Church announces that October will be "Communion Church" month. The Choir is reorganized, and the Minister will preach during the month on a course of sermons dealing with "The Church of Today and the Mind of the Master." Sunday, October 12 will be Harvest Home Sunday.

On the afternoon of the 12th, the Ladies will sell the gifts along with Tea and Home-Cooking, and in the evening of

that day, Rev. J. H. Garden of Calgary will lecture on "Bonny Scotland in Song and Story." The lecture will be beautifully illustrated with a lantern and slides.

Foundation is being put in, and work is proceeding fast in the erection of a new pool room directly adjoining the Bank of Commerce building on the main thoroughfare. The building permit was taken out by Mr. Arnold Fraser, we understand, and Mr. Hen Huntley who has built so widely hereabouts is the contractor.

At Starland Theater Friday and Saturday this week—"Parade of the West"—an old-time Wild West Show with Ken Maynard, Otis Harlan and Gladys McConnell. All talking and singing—a white while show you can't afford to miss. Also all talking comedy entitled "Sunday Morning." Admission 50c, 35c and 25c, tax included.

Irvin Henker, son of Mr. and Mrs. C. E. Henker of this place visited for a couple of days at the parental residence, and then proceeded on his way to the East, where we understand he will secure another aeroplane. Mr. Henker piloted the plane of Dr. Scott of Bassano during the search for the desperado who helped at the Bank last week at Queenstown. Pilot Henker received warm praise from the authorities for his efficient work in this regard.

The Jumbo Valley Ladies' Aid entertained Rev. and Mrs. E. Barnes at a farewell banquet in the home of Mrs. D. Munro on Friday night. Every family in the Valley congregation was represented and a happy evening was spent in singing and dancing. On behalf of the aid Miss Isabel Munro presented the two departing guests with useful gifts, the presentation being accompanied with graceful words which recalled the friendship existing between the givers and the receivers of the gifts and with every good wish for the future. Mr. and Mrs. Barnes in reply spoke of their deep appreciation of the kindness and thoughtfulness shown them by their friends in Jumbo Valley whom they hoped to revisit in the not far distant future.

The United Church held a very attractive Rally in the Church School last Sunday with promotion exercises for a good number of girls and boys. Certificates were presented to those being promoted of whom there were the following: Into the Primary Group—Marion Lang, Floyd Torrence, Aubrey Sherman, Patricia Carswell, Lorraine Easton, Sheldon Weatherhead, Harvey Henker. To the Junior—Mina Clark, Eleanor Nelson, Elvina Daley, Allen McDougall, William R. Cameron, Leonard Field, To Intermediate—Greta Smith, Marjorie Hansen, Francis Wallin, Marjorie Oxenden, Stan Weatherhead, Clarence Dersch, John Rowe, Gordon Henker, Victor Henker, Cecil Gosson, Rex Gosson, Mervyn Gosson, Walter Gosson, To Senior—Lillian Wells, Lois Rogers, Madeline Weatherhead, Dorcas

Rowe, Dorothy Gosson, Mary Russell, Doris Sandaghe. Prizes were also given to the classes of Miss Dimm and Mrs. MacGregor for attendance. These prizes took the form of engraved book-marks with biblical contents.

At the September meeting of the United Ladies' Aid held at the home of Mrs. R. F. Smith and attended by over forty, the President, Mrs. Jas. Blair conducted a fine program of worship and music, preparing for the Annual Bazaar to be held on November 15th. A most interesting feature was the presentation to Mrs. J. H. Ellis who leaves this week for Winnipeg to reside, of an autographed quilt containing two hundred and seventy-four names. The presentation was made by the reading of an address by Mrs. P. S. Clarke the quilt being given to Mrs. Easton.

Last Friday evening a very disastrous fire destroyed the home of Mr. and Mrs. Rieber and family twelve miles north-west of Granum. It is supposed that the fire started from overheated pipes, and the building of dry lumber burned in a very few minutes. The family obtained shelter at the nearby home of Mr. and Mrs. Peter Jackson, who immediately sent word to the fire department. Much sympathy is felt for this little group thus left without even necessary clothing, as everything they owned practically was consumed by the flames. Since coming from Cocho, Slovakia about three years ago, the Riebers have been living along the edge of the Foxen Hills in the west of Granum.

Jack MacGregor, eldest son of Mr. and Mrs. Alex MacGregor of Granum left last Saturday for Chicago, Ill., where he is entering the University of Chicago expecting to take the seven year course for a medical practitioner. Jack will be living with a brother of his father, who is a renowned surgeon of the Illinois capital. And he will be near another brother of his father who is a physician and University Professor.

An interesting matter in connection with Jack's departure is that the day he decided to proceed to Chicago he received notice from the director of Granum's Calgary Broadcasting Station that he had been appointed an official news broadcaster. He accepted that position he would have been the youngest holder there were the following: Into the Primary Group—Marion Lang, Floyd Torrence, Aubrey Sherman, Patricia Carswell, Lorraine Easton, Sheldon Weatherhead, Harvey Henker.

and they were arrested there while trying to dispose of some of the pilfered goods. They were brought to Macleod by Detective Boyd, of Calgary, and who was present at the trial.

Both prisoners pleaded guilty to the charges and were both represented by Jarney Collinson, barrister, of Calgary, who made a very strong plea for leniency, stating that he had been in communication with their relatives. In the case of Armour he found that he had a brother in Los Angeles who had underwritten to look after the accused when this trouble was over. In the case of Gates, his mother, who was a widow living in Vancouver, was made anxious for her son to return home. Both the accused had promised him that they would return to their relations. Both young men are about twenty years of age but on account of their previous record the magistrate

felt that he could not give them less than two years. Corporal R. Vise, A.P.P., conducted the prosecution.

SOIL FERTILITY

The most important problem of the farmer today is the maintenance of the soil in his farm at a maximum of fertility. Field husbandry experts of the Dominion Department of Agriculture find that the most effective and at the same time the most economical way to maintain fertility in the soil is through the practice of an adequate system of crop rotation. This involves no additional expense to the farmer in the majority of cases and not only improves the fertility of the soil, but also enables more economic use of labor the year round, extends the variety of farm production and assists in insect control.

Farmers throughout Canada are urged to visit the nearest Dominion Experimental Farm or Station, where they will see crop rotation at work. They are urged to communicate with the Department for the latest literature dealing with the practical and scientific aspects of crop rotation, which is available to them without charge through the Publications Branch of the Department at Ottawa.

RUST RESEARCH

What growers throughout Canada, particularly in the Prairie provinces, will be interested in the report of the progress of rust research by the Dominion Research Laboratory at Winnipeg. Rust is one of the major problems of the wheat grower at the present time and the report indicates very substantial progress has been made in the development of rust resistant varieties of wheat.

The field studies in epidemiology provides interesting material with respect to the nature and extent of recent rust epidemics and the methods of control and eradication which have been tested.

A copy of the report may be obtained without charge by writing to the Publications Branch of the Department of Agriculture at Ottawa.

Fred: I can't remember the words of that new song.  
Jim: That makes it easier; now all you have to do is  
to forget the tune to make us happy.

The McCormick-Deering line includes full-powered  
engines with removable cylinders, enclosed crankcase,  
magneto ignition, efficient fuel mixer, etc.

In order to jingle coins in your pocket you have got  
to shake a leg.

The thrifty McCormick-Deering Engine can be  
mounted on a hand truck for convenient haulage from  
one farm power job to another. You can keep it busy and  
save yourself a lot of tire some work.

Bill Moore, our local barber, got excited while shaving  
himself in front of the mirror yesterday and before  
he realized what he was doing he had sold himself three  
bottles of hair tonic and short changed himself in the bargain.

When your tractor needs mechanical attention, bring  
it to tractor headquarters. We are equipped and ready to  
render high-grade tractor service at low rates. We use  
only genuine I.H.C. repairs when replacement parts are  
needed.

A man cannot afford to be lenient with himself,  
though he be lenient with all others.

How about your tractor? Wouldn't it be a good idea  
to let our tractor service department inspect it and recom-  
mend possible repairs and replacements before spring  
work starts.

"Laughter creates appetite," said the Scotchman,  
starting to cry at the dinner table.

When you buy a McCormick-Deering Tractor of us  
you are assured the best service supervision. We main-  
tain our own tractor service department for the convenience  
of our tractor customers. We use only genuine I.H.C.  
repairs.

## Whatever We Do--- Let Us Pay Our Food Bills

In this time of stress some bills are bound to go unpaid.  
Whatever we pay, or leave unpaid, let us see that our food  
bills are paid.

It is all-important that we continue to eat, lest we die and  
nobody be paid.

So it is best for all in the long run that we pay our food  
bills that we may continue to eat so that we may live to  
pay all our bills.

Macleod — Alberta

Macleod family in Ontario  
They are making a trip to the  
Coast.

Stuart K. Jaffray, of Edmon-  
ton, was a visitor in Macleod on  
Monday and Tuesday. Mr. Jaf-  
ray is an Inspector for the De-  
partment of Health, Edmon-  
ton, his special work being  
mental hygiene.

J. D. Matheson, K. C., has  
moved from the office which  
he has occupied since coming  
to Macleod, to a new suite of  
offices in the upstairs of the  
Royal Bank building, with en-  
trance on 23rd Street.

Hurace Seymour, Provincial  
Director of Town Planning was  
a visitor in Macleod on Tues-  
day, attending the Women's  
Institute constitution confer-  
ence, giving an address on his  
work in the Province.

Mrs. Harry Little and Miss  
Jessie and Jack left on Sunday  
morning for Didsbury to spend  
a few days with friends. Miss  
Jessie will remain at Calgary  
where she will enter on a  
course of training for the nursing  
profession.

Mrs. John Ringland, Mrs.  
Geo. Stewart, Mr. M. Tripp,  
Mrs. M. Hill, Mrs. R. J. E.  
Gardner and Miss Blossom  
Lyons were visitors in Leth-  
bridge last Friday attending a  
meeting of the Women's Mis-  
sionary Presbyterial of the  
Calgary Presbytery. The ob-  
ject of the meeting was to con-  
sider the advisability of form-  
ing a Presbyterial for the Mac-  
leod Presbytery, which was re-  
organized last year, having

formed part of the Calgary  
Presbytery since 1925. It was  
decided to organize Macleod for  
1931.

The Macleod Fire Brigade  
had an early call on Sunday  
morning about 2 o'clock when  
a fire was discovered at the  
home of Mrs. S. G. Dunbar on  
19th St. The fire was in one of  
the bedrooms, and the cause of  
the outbreak is not known, but  
the promptness of the brigade  
soon had the fire under con-  
trol and the damage was con-  
fined to the one room, except  
by smoke throughout the  
house.

Announcement is made that  
at this time of the year after-  
noon tea of Christ Church  
W.A., to be held in the Parish  
Hall on October 8th, Miss An-  
ora Brown, A.O.C.A., will ex-  
hibit her work, both in paint-  
ing and handicrafts. Many of  
the town and district people  
will be interested in viewing  
the work of this former stu-  
dent of Macleod Public and High  
Schools. Miss Brown is the  
daughter of Mr. and Mrs. E.  
Forster Brown, Macleod.

A private house card party  
was given on Wednesday even-  
ing of last week by the Catho-  
lic Women's League of the Holy  
Cross Church at the home of  
Mrs. M. Donahue, 32nd street,  
Macleod. A very enjoyable eve-  
ning was spent by the mem-  
bers and friends present play-  
ing progressive whist, and the  
winners of the prizes were:  
Ladies' first Mrs. C. Murphy,  
consolation Mrs. W. J. Ryan,  
Gentlemen' first Mr. W. J. Dun-  
bar, consolation Mr. Donahue.  
Delicious refreshments were  
served by the hostess and a  
very happy time was spent over  
the tea cups.

The ladies of Christ Church  
W. A. gave their first card  
party and dance on Friday eve-  
ning of last week in the Parish  
Hall, which, being the first  
party of the season, was a  
great success, about 150 being  
present for the cards and the  
dance. There were 22 tables  
playing progressive whist, and  
the prize winners were: Ladies'  
first Mrs. J. Hartley, consolation  
Mrs. C. G. Hoult, Gentlemen's  
first Mike Donahue, consolation  
R. J. E. Gardner. After part-  
aking of a plentiful supply of  
delicious refreshments the  
party enjoyed over two hours  
dancing to delightful music  
supplied by the following or-  
chestra: Mrs. R. Vise, violin;  
L. Brooks, saxophone; Ernie  
Charlton, piano; W. J. Ryan,  
drums. Staff-Serg. Webb was  
master of ceremonies and Geo.  
Pearson was cashier.

R. C. Perry has opened an  
Electrical Shop next door to  
the Great West Saddlery—Op-  
en to do all kinds of work or  
repairs.

### AN ASSET

"You wouldn't think," said  
the Mississippi youth, "that  
my musical talent, so the  
means of saving my life."  
"No," remarked a friend,  
"I would not. Tell me how it  
happened."  
"Well, there was a big flood in  
my home town and when the  
water struck our house, I was  
not on a bed and floated down  
stream."  
"And you?"  
"I accompanied him on the  
piano."—Northwestern Ban-  
quet.

### THE MISTAKE

The owner of a cheap watch  
brought it into the jeweler's  
shop to see what could be done  
for it.

"The mistake I made, of  
course," he admitted, "was in  
dropping it."

"Well, I don't, suppose you  
could help that," the jeweler  
remarked. "The mistake you  
made was picking it up."—  
London Opinion.

### DEMANDING TOO MUCH

From Poet to Editor: "Dear  
Sir—I am sending you a simple  
little ode. All that I ask is  
that you give it a careful read-  
ing."

From Editor to Poet: "Dear  
Sir—I received your poem.  
And in reply will say that the  
price you ask, is beyond all  
reason."—Christian Science  
Monitor.

### NOT ALL PROFIT

Teacher: "Johnny, if I buy a  
pair of shoes for \$4.87 and sell  
them for \$9.50, do I make any  
money?"  
Johnny: "Well, you make on  
the dollars but you lose on the  
cents."—Boston Transcript.

### FACE VALUES

complexions, don't you?"  
"What do you mean?"  
"Those they make up as they  
go along."—London Opinion.
